Key monitoring data of the Youth Guarantee in Europe

Key results of the Youth Guarantee

- ✓ In 2015 the Youth Guarantee covered 41.9% of all NEETs (15-24). Coverage varies considerably across countries, ranging from over 80% in Austria and France to just over 10% in Spain and Italy and 3% in Hungary.
- ✓ In 2015, 46.4% of all exits were within 4 months. The proportion ranges from 94% in Hungary and over 70% in Denmark, Italy and Malta, to less than a quarter in Greece, France and the UK.
- ✓ Nearly half (46%) of young NEETs remained in the Youth Guarantee for more than 4 months (less than 30% in Estonia, Malta and Luxembourg to more than 60% in Ireland and Slovakia and over 70% in Romania and France)

Youth Guarantee offers

- ✓ Over 27% of offers are subsidised. This includes most traineeships (87.8%), over half of further education offers (57.7%) and nearly half of apprenticeships (47.4%), but less than one in ten employment offers (8.9%).
- ✓ The proportion of subsidized offers ranges from 100% in Spain to less than 1% in the Netherlands and the UK.
